If all the State-wide are to be watched and chained, who are not sincere prohibitionists, perhaps some of them can be held.

If the republicans make the election they go without saying that the administration of them will materially benefit the administrators.

In and around Nashville now all one has to do is to declare for State-wide, and while he is making an attack on the Governor, Lea, Lander and Lewis proceed to fire the chariot for his elevation.

A watch and chain has been presented to Jimmie Dean for his work in behalf of State-wide. This is not the first time the Hon. Jeems has been watched but it is probably the first time he has been chained.

MRS. WARD DEAD.

Mrs. Marion Miles Ward died this morning at an early hour at the home of her son, P. M. Ward, on Maple St., after a short illness. Mrs. Ward was born in Newark, Ohio, on August 8, 1832, and came to Johnson City in 1890 to reside with her son and daughter, the late Mrs. C. D. Friberg. She was one of nature's noblest creations, a lovely christian woman, and goes to her reward after a long life in the Lord's vineyard, leaving one son, P. M. Ward, and many grandchildren to mourn their loss. Funeral services were conducted at late residence at 3 o'clock by Rev. Dayton Dobbs and a large number of friends were present. The remains were taken to Geneseo, Ill., her old home, for interment.

DIED.

Miss Lucinda Butler died Monday night, February 8, at the family home three miles from Jonesboro. In June, 1890, she went to live with Mrs. John White, two miles north of Johnson City. When the eldest daughter, Mrs. Mountcastle, took charge of the home in 1893 she remained in the household. All these years she faithfully and tenderly ministered to each one with whom she was associated. She seemed to always find the greatest pleasure in doing for others. She helped to rear two generations and spent the last two years of her life with the third—little Frank and Helen Summers. She was a consistent member of the First Presbyterian church in Johnson City for forty years. Her christian life was quiet, but a happy one. She gave liberally to her church and all who knew her well marveled at the wonderful kindness of her heart. She leaves six sisters, two brothers and numbers of friends to mourn their loss.

WM. CANTRELL DEAD.

Wm. Cantrell died last Thursday afternoon in a hospital at Knoxville with meningitis. He was taken ill at the Carlisle hotel in this city with typhoid fever and had only been in the hospital a few days when complications arose that resulted in his death. He was about 36 years of age and was a civil engineer on the C. & O. He married Miss Bird Ray about three years ago and is survived by her and two children, the youngest only a few weeks old. The remains were taken to Mississippi for interment.

Hundreds of Johnson City Readers Find It So.

The hustle and worry of business men The hard work and stooping of work men,

The woman's household cares, Are too great a strain on the kidneys. Backache, headache, sideache, Kidney trouble, urinary troubles follow.

W. G. Leonard, Machinist, living 3 1/2 miles from Greenville, Tenn., says: "Some years ago I strained my back and as a result have endured a great deal of suffering from kidney trouble. My back pained me a great deal, at one time so acutely that I was laid up. My kidneys were in a disordered condition, and I had to pass the secretions every fifteen minutes. I lost 32 lbs., consulted a physician and was told that I could not possibly live more than three months. About this time I obtained Doan's Kidney Pills, and they effected a complete and permanent cure."

Plenty more proof like this from Johnson City people. Call at the Patton Drug Co. and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

MUNSEY CLUB ORGANIZED.

After the prayer meeting services on Wednesday night at Munsey Memorial church a Munsey Club was organized with J. M. Ferguson as president, Sam Carr as vice-president, George Wade, secretary, and Robert DeVaul, treasurer. Mrs. F. B. St. John was elected superintendent of the girls' department.

The purpose of the organization is to form a social club for the members of the church and Sunday-school. A modern gymnasium, with shower baths, a reading room and library, and a night school will be installed. Eight hundred dollars was subscribed and the work of furnishing the basement will begin on Thursday. Rev. S. B. Vaughn has been working on this scheme for some time, and with well-organized plans, he put the matter through, much to the delight of the church and Sunday-school members. This will be a great and good acquisition to the church, and is one of the most worthy and commendable enterprises ever undertaken by the church. It will result in much good. Let all members join in and help.

SPRAYING FRUIT TREES.

NOW IS THE TIME

The San Jose Scale, the bane of the fruit grower, the one blighting curse of the orchards of our country, is to be found in every orchard.

Orchards are fast disappearing, being completely destroyed by this great destroyer. No orchard is free of it. The only way to exterminate it is to use some good scalecide.

The time to use it is in the winter. It is much easier killed when unable to feed on the sap than in the spring or summer; besides your trees are liable to die in spring and summer before you can spray. No farmer can be too busy now to spray his fruit trees and shrubbery.

The New Jersey Bulletin, No. 186, after referring to various fall and winter tests of spraying, says: "But the interesting and important conclusion is that the wrong time for spraying has been generally advised, and instead of delaying until late spring, our work, to be most effective, should be done in the late fall or winter, while the scale are yet active, and before the trees are ready to bud."

The Georgia State Bulletin, No. 6, says: "In every case where the orchards were sprayed in the early fall or winter, better results were obtained than where the treatment was deferred until spring. Spraying must be done now, in order to kill the scale, and it can be done now without loss of time from other work."

Most disfiguring skin eruption, scrofula, pimples, rashes, etc., are due to impure blood. Burdock Blood Purgers is a cleansing blood tonic. Makes you clear-eyed, clear-brained, clear-skinned.
